RE: Music and Recorder Club for Years 3,4,5&6

This club offers a chance for children to learn how to read music and gives them an opportunity to put this into practice by playing the recorder.

I use games to encourage children to learn about the musical elements, for example, rhythm, pitch, dynamics etc and how to use this knowledge to read simple music, then how to play the recorder.

Each child will need their own, good quality recorder (Yamaha or Aulos) and book ("Recorder from the beginning" by John Pitts) to use in the lesson and to take home to practice in between sessions. If you would like me to purchase a recorder (£6.50) and/or the book (£3.50) please contact me or you can find these on online or in a Music shop like Ackermann Music in Chichester.

Music Club will be held on a Wednesday lunchtime during playtime, in a group of up to 12 children.

The cost is £4 per week for 30 minutes. Paid a term in advance by cheque or online.

There will be 12 sessions in the Autumn term and Summer term and 10 sessions in the Spring Term. Therefore the cost is **£48 in the Autumn and Summer terms** and **£40 in the Spring term**, paid in advance.

I have taught as a primary school teacher for over 10 years (including class music). Since having my own children, Eve and Will, I have turned my skills to tutoring Maths and English and teaching the piano, flute and recorder from my home.

I would love the opportunity to share my love of music with your child in a fun and engaging way that I hope will build a solid foundation for them to progress to other instruments.

Kind Regards
Kate Holland

-----please cut and return to School Office with payment

Music Club Mrs Kate Holland Autumn £48/ Spring Term: £40 / Summer £48
