Barnham Pupils Shine

And so we find ourselves at the mid-point of the academic year and ready to make our way towards summer. I have been very pleased with the progress that the children have made but also know that we need to maintain this positive momentum as we move forwards, in order for the children and the school to reach the potential that it and they can. On behalf of myself and the team, thank you for your continued support, particularly in attending our recent parent/ carer meetings which are very important and which hopefully provide you with a better understanding of how your child is performing at BPS and what we need to focus on with them to improve.

Veg Power!

Our school is supporting the Eat Them to Defeat Them campaign as part of the Shine curriculum, in order to encourage kids to eat more vegetables. The campaign has been created by Veg Power in partnership with ITV, Channel 4, and Sky and is well supported by celebrities and chefs. Last week we sent out more information in book bags and in school we'll be continuing the campaign through assemblies and at lunchtimes. In Years R, 1 and 2, further activities will come home on a weekly basis. We all know that the more balanced and healthier our diet the healthier we will be and I'm hoping that by supporting this campaign we can provide a nudge for our children to help them make positive choices in order for them to be the best they can be.
